Alexandria, VA 22313-1450

Sir:

This is in response to the Official Action of January 11, 2005, in connection with the above identified application.

The Official Action is a restriction requirement in which it is urged that there are two separate and distinct inventions claimed in this application. Applicants elect the Group I invention which includes claims 1-16, without traverse. Applicants reserve the right to file a divisional application on the non-elected inventions at a later time.

In view of the election of the Group I invention, without traverse, an early and favorable action on the merits is now believed to be in order and is most respectfully requested.

Respectfully submitted,
